II. PERFORMANCE CONFIDENCE EVALUATION (to be completed by Respondent)

The Performance Confidence evaluation assesses the contractor's performance under previously awarded contracts for the same or similar requirements. The Performance Confidence evaluation is an assessment of the City's level of confidence in the Offeror's ability to perform the solicitation requirements as described in the Statement of Work. Use the following adjectival ratings to respond to the questions below. Please select one rating per statement, using the following definitions, and provide additional remarks to further explain any rating.

Performance	Definition
Exceptional	The contractor's performance meets contractual requirements and exceeds many (requirements) to the Government's benefit. The contractual performance was accomplished with few minor problems for which corrective actions taken by the contractor were highly effective.
Satisfactory	The contractor's performance meets contractual requirements. The contractual performance contained some minor problems for which corrective actions taken by the contractor were satisfactory.
Marginal	Performance does not meet some contractual requirements. The contractual performance reflects a serious problem for which the contractor has not yet identified corrective actions or the contractor's proposed actions appear only marginally effective or were not fully implemented.
Poor	Performance does not meet most contractual requirements and recovery is not likely in a timely manner. The contractual performance contains serious problem(s) for which the contractor's corrective actions were ineffective.
